See the MCRCF By-Laws for complete descriptions of membership classes. A *Junior* member is less than 19 years old *. A *Senior* member is 60 years old or older *. *Family* and *Junior* members are an additional member in the immediate family of and residing at the same address as a Regular / Senior member paying full dues. *Non-Flying Members* are members of any class who have declared that they will not fly during this membership year. Channel selection and AMA membership proof are not required for non-flying members. No frequency tags will be issued. *(Jr. and Sr. ages are as of March 1 of the current flying year.)

Remittance Table

Use this table to check that you are including the correct amount.

Family: each additional, Regular/Senior member in same household.	$ 30.00	$ 30.00	$ 30.00

Frequency Tags (Please read this section. Frequency pins must be displayed when flying at the field.)

Even members with a "SS" Frequency Pin must display their pin when flying at the field.

Your unique looking MCRCF frequency tag is replaced yearly, and will serve as your club membership card while operating at the field. Members are responsible for ensuring that any guests have a current AMA membership and display an appropriate alternative frequency tag on the frequency pole. Guests should also understand and follow all club safety rules and operational procedures.

Members will have their MCRCF frequency tags marked with the official club stamp once they are approved for solo operation. There is strictly NO flying without a Club certified instructor or flight qualifier until you have become a club qualified pilot and your membership card is updated to include "Solo Pilot"

Channels

In the table on page 1, please write in the channel numbers of the radios you own and intend to use at the field in the coming year. Please make a separate request for any tags in excess of six, but only if you plan to use them. *If you will use a Spread-Spectrum radio system, use the letters "S-S" for one of your channel numbers.*

Below are the standard numbered FM channels allowed. Numbers in bold have been heavily used in the past. Members might still experience some crowding on these channels, but it's become less common since most users now have Spread Spectrum radios.
