

News From the Field, *by Jim Orsborn*

Maiden Flights: Jim Dawe (left) has been at the field with his new plane, waiting for a good day. I had a chance to catch this photo before he made the maiden flight. It looks really impressive. John Parisi has also been at the field with a new plane. His maiden flight was just this week. Look for Jim on You Tube: <http://www.youtube.com/user/airbossjrd>

Good flying weather and reasonable temperatures have us all ready to move ahead with Spring. Check your batteries and hope to see you at the field soon.

Recent Events: Last month's club meeting was well attended. Jeff confirmed again that our treasury is in strong shape — we have enough money to keep the grass cut once it starts growing. Fellow club member, Richard Williams, was an unannounced guest speaker. Pres. Paul Sullivan had asked Richard to say a few words about his experience in the Air Force flying F-4 Fighter jets.

Coming Events: The Monthly Club Meeting that is scheduled for this coming Wednesday, April 9th. 7:30 PM at the Recreation Department building.

Bulls Eye Challenge: Preliminary ideas for a new event that we've described as a Bulls Eye Challenge were discussed at a recent Board Meeting. Look for more information to be presented at the meeting.

Club Training Program: Our club training night has officially changed from Tuesday to Thursday afternoon this year. New members should contact Ray (781-944-6056) to schedule a time.

Official Publication of the Middlesex County R-C Fliers, Inc.

The FLYER is the official publication of the Middlesex County R-C Fliers, Inc., a non-profit organization chartered for the promotion of radio controlled model aircraft building and flying. The club operates a flying field located on Treble Cove Road, Billerica, MA. The club offers free flight instruction to any member provided they have a current membership with the Academy of Model Aeronautics. Contact any club member for details. Meetings are held on the second Wednesday of every month between September and June in the Billerica Recreation Dept building at 248 Boston Road in Billerica, starting at 7:30 PM.
