## News From the Field, *by Jim Orsborn*

**My New Years Resolution Update:** Okay, I'm on a roll. With this issue in the mail, I've officially made it to the second Newsletter of the year. But will someone please turn off the outside air conditioning. It's so cold that we can't go outside and have any fun! I know the Groundhog said we still had another six weeks of winter left, but he didn't say it was going to be this cold.

**Final notice:** If you are getting this by e-mail, we will be turning the clocks ahead this weekend (remember Spring Ahead and Fall Back). You should also check your postal mail; if you don't receive a paper copy of the Newsletter, then your MCRCF Membership has expired, and next month you won't see the e-mail notice either!

Comments or questions about your MCRCF membership status; please see Ray Capobianco or call him on 781-944-6056

**Recent Events:** Last month's club meeting was well attended — sorry I was not able to attend. Jeff said that our treasury is in strong shape for the coming year and that it was definitely helped by another good auction. He reports that the club netted approximately \$1800 with a few expenses yet to be finalized; more to follow this month.

**Sad News:** Peggy Hannon-Rizza, Recreation Department, recently passed away. No news as yet concerning who may replace Peggy. Her support to our club will be missed.

**Coming Events:** The Monthly Club Meeting that is scheduled for this coming Wednesday, Mar. 12th.

**Bulls Eye Challenge:** Preliminary ideas for a new event that we've described as a Bulls Eye Challenge were discussed with AMA District 1 VP, Andy Archinio, at the recent WRAM show. Andy was very excited about the plans and indicated that he will come unless he has an official AMA conflict with the date. Look for more information in upcoming issues.

**Club Training Program:** Due to a conflict, the club training night is going to change from Tuesday to Thursday afternoon this year. New members should contact Ray (781-944-6056) to schedule a time.

**Membership Renewals:** Flight permissions for last year have expired. All current members should have received their 2014 Frequency Pin that should be displayed on the Frequency Pole when they are at the field. Think safety!
